RE: Recommendation letter for Mr. Ryan Callahan

To Whom It May Concern:

Dear Search Committee,

I am writing on behalf of Mr. Ryan Callahan, a student in my Spring of 2017 Physics 106 class. I am an Associate Professor of Physics on the DMACC Ankeny campus, Iowa. I am teaching Survey of Physics (PHY 106), General Physics (PHY 160), Classical Physics I (PHY 213), and Technical Physics (PHY 710).

Mr. Callahan successfully completed my PHY 106 course. He was present every class period and showed an eager desire to learn and participate in our activities. He would often volunteer to help with setting up and breaking down the labs and had no problems helping fellow classmates needing further assistance. I found Mr. Callahan to work very well within a team assessing, calculating, recording, and performing the necessary tasks needed to complete the physics experiments. He exhibits a hands-on attitude and a positive disposition. He proactively participated in my lectures and discussions revealing that he was not only attentive but thoughtfully contributing academically as well.

I am confident that Mr. Callahan, will be a great addition to your program.

Sincerely,

Stefan Stoianov, PhD
