RE: Ryan P. Callahan

To Whom It May Concern:

This is a letter of recommendation for Ryan Callahan. He attended my class and has completed Mathematics for Liberal Arts - Math110 in the Spring of 2017 at DMACC West Campus.

Mr. Callahan did very well in this course earning an A. This course covers a lot of material in a short period of time and is particularly rich in Algebra and Statistics.

He had exemplary attendance and was astutely prepared for each class and here to learn. During class participation and group exercises Mr. Callahan was not apprehensive and gladly engaged with his peers and myself. I feel he has initiative, foresight, and he pays attention to the details.

I admire non-traditional students for their determination to pursue a new career while working full time.

I wish Mr. Callahan the best in all he does, and I would strongly recommend him for your consideration. With his personality and work ethics, he will be a positive asset to his training and future employment.
